

Ambir Sheet-fed Scanners

TravelScan®

TravelScan® Pro

Visigo™ A4

Visigo™ A6

Light-weight, yet powerful, our complete line of scanners are the ideal solution for both desktop and mobile use.

Visigo and TravelScan scanners are personal/workstation scanners with excellent functionality in product footprints a fraction of the size of comparable flat-bed scanners. Given their small size, these scanners are an ideal solution for both mobile and desktop users - and portability and workstation setup is simple - Visigo and TravelScan scanners draw power directly from laptop or desktop computers so that users do not need to travel with a bulky AC adapter or to clutter up office workspace with another power cord. All Visigo and TravelScan scanners include a carrying case for travel and storage and a mounting solution kit for vertical or horizontal mounting to optimize workstation setup in office environment.

With the most complete line of sheet-fed scanners in the world, we are certain to have a document capture solution for your specific needs.
